

MUSIC INSTRUMENT DONATION FORM

Dear Community Friend,

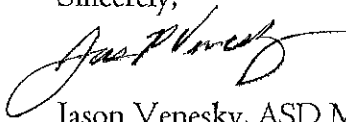

Thank you for your generous donation of a flute, clarinet, trumpet, trombone, tuba, piccolo, or saxophone to the Armstrong School District Foundation. This instrument will go to a student whose family may not have the funds to buy a brass or woodwind instrument on their own. Preference will go to fourth-grade students who are just starting instrumental music, although fifth and sixth-grade students can also benefit.

This is made possible by a special partnership between the ASD Foundation and Murphy's Music of Leechburg, which serves dozens of school districts in our region. The ASD Foundation collects donated instruments while Murphy's Music refurbishes the donated instruments at a reduced price. The ASD Foundation hopes to expand opportunities for our musically talented youth with this program.

Before you leave! -- please fill out the form below for our records and give it to the building secretary.

To learn more about the Foundation's work, please ask for our brochure. You can visit our Web site at www.asdfoundation.org.

Sincerely,

Jason Venesky, ASD Music Department Chair/ASD Foundation Trustee
